About Union Station

Chicago Union Station An iconic part of the community

Union Station is beloved by chicagoans and tourists alike for its grand neo-classical design, featuring a large central waiting room with a barrel-vaulted ceiling. It has served as a gateway to the American West for over a century.

- A \$22 million dollar restoration of the station in 2019, restored the Great Hall to its original colors and made the space brighter with a restored and protected skylight.
- The grand hall serves as a popular venue for weddings, private events, and photoshoots.

Our expanded partnership gives Intersection clients access to millions of consumers from greater Chicagoland and surrounding states.
